FOREWORD FROM THE CHAIRMAN

KATA PENGANTAR DARIPADA PENERUSI

In 2024, Food Aid Foundation (FAF) proved that a food bank can be more than just a safety net. It can be a catalyst for change, empowerment, and a voice for food justice in Malaysia.

One moment that stayed with me was being on the ground in Kelantan after the floods. Distributing hot meals to families who had lost so much reminded me of the power of timely action and collective effort. Our work is not just about feeding people; it's about restoring dignity and being present when it matters most.

But FAF's impact goes beyond emergencies. Every day, we rescue surplus food from manufacturers, retailers, and distributors, and redirect it to those in need – families struggling with rising costs, shelters, and rebuilding communities. In doing so, we reduce food waste and bridge growing gaps in food security.

As Chairman, with years of experience in Malaysia's F&B industry, I take my role seriously. Hunger and food waste are complex challenges – economic, environmental, and social – that need long-term solutions. Our Board is committed to resilience, ethical standards, and strong leadership to move FAF forward with integrity.

This year, we also saw the growing impact of our skills development programmes; empowering many, especially women, toward self-reliance. When food becomes opportunity, transformation happens.

The road ahead will have challenges. Rising costs, climate disruption, and shifting donation patterns demand agility, creativity, and strong values. But with the right team, partners, and purpose, we'll continue to lead with compassion and conviction.

Thank you to our staff, volunteers, food donors, logistics partners, and advisors. Your belief fuels every step.

As we move into 2025, let's remember: hunger and waste are shared responsibilities. Together, let's build a Malaysia where food is valued, shared, and never wasted.

Warm regards,

Dato' Seri Hj. Ibrahim Hj. Ahmad Badawi

Chairman, Food Aid Foundation

Tahun 2024 membuktikan bahawa Food Aid Foundation (FAF) bukan sekadar tempat bergantung saat susah. Ia adalah pemangkin perubahan, ruang pemberdayaan, dan suara keadilan makanan di Malaysia.

Antara saat yang paling menyentuh hati saya adalah ketika turun padang di Kelantan selepas banjir. Mengagihkan makanan panas kepada keluarga yang kehilangan hampir segalanya mengingatkan saya betapa pentingnya untuk bertindak pantas dan usaha bekerjasama. Ia bukan hanya tentang mengenyangkan perut, tetapi memulihkan maruah dan hadir saat paling diperlukan.

Namun kerja FAF bukan hanya semasa bencana. Setiap hari, kami menyelamatkan lebih makanan daripada pengilang, peruncit dan pengedar, lalu menyalurkannya kepada mereka yang memerlukan; keluarga berpendapatan rendah, rumah perlindungan, dan komuniti yang sedang berusaha untuk bangkit semula. Ini bukan sahaja mengurangkan pembaziran makanan, tetapi membantu mengisi jurang dalam sistem keselamatan makanan negara.

Sebagai Pengerusi, dan dengan pengalaman dalam industri F&B tempatan, saya mengambil tanggungjawab ini dengan serius. Isu kelaparan dan pembaziran makanan bukan isu kecil, ia cabaran ekonomi, alam sekitar dan sosial yang memerlukan penyelesaian jangka panjang. Lembaga kami komited untuk terus teguh, beretika, dan memimpin dengan integriti.

Tahun ini juga menyaksikan peningkatan impak program pembangunan kemahiran kami, terutamanya dalam membantu wanita untuk berdikari. Bila industri makanan membuka peluang, perubahan boleh berlaku.

Laluan ke hadapan tidak mudah. Kos meningkat, cuaca tidak menentu, corak sumbangan berubah. Tapi dengan pasukan, rakan kerjasama dan tujuan yang jelas, kami akan terus melangkah dengan belas ihsan dan keyakinan.

Terima kasih kepada staf, sukarelawan, penyumbang makanan, rakan logistik dan penasihat. Sokongan anda memberi makna pada setiap langkah kami.

Menuju 2025, saya menyeru semua rakyat Malaysia: kelaparan dan pembaziran makanan adalah tanggungjawab bersama. Ayuh bina Malaysia yang menghargai makanan, sedia berkongsi, dan mencegah pembaziran.

Salam hormat,

Dato' Seri Hj. Ibrahim Hj. Ahmad Badawi

Pengerusi, Food Aid Foundation

FOREWORD FROM THE FOUNDER

KATA-KATA ALUAN DARIPADA PENGASAS

When we first started Food Aid Foundation, all we had was a clear conviction: no good food should be wasted while people in our communities still go hungry.

Looking back, I'm both humbled and proud of how far we've come. This past year has been especially meaningful. One of our long-held dreams came true, we expanded into Sarawak. With the signing of an MoU with a local NGO, we laid the foundation for Food Aid Sarawak, marking a major milestone as we begin supporting communities in East Malaysia. Not long after, we opened Food Aid Terengganu, another step forward in building a stronger, more connected food aid network across the country.

Now, we're in active discussions to identify the right partners to launch Food Aid Pahang. After years in this space, I've learned the importance of tailoring food aid to each region's unique needs. I'm hopeful that Pahang will soon become another strong link in the national chain we're building.

What sets FAF apart isn't just the food we distribute, it's the values we carry. From warehouse to kitchen, logistics to outreach, we've built a culture rooted in respect, trust, and human dignity. We believe no one is too small to contribute, and no one is too poor to deserve a warm meal.

As a founder, my role has evolved from hands-on work to a more reflective one. From this lens, I've seen how FAF has matured, becoming more strategic, data-driven, and collaborative, while staying true to its heart.

Thank you to our donors, volunteers, corporate partners, community leaders, and every member of the FAF family. I'm especially grateful to our Board and management team for their unwavering leadership.

The work isn't over. Food waste and hunger still persist. But with unity and purpose, I believe we can continue to make a meaningful difference.

With sincere appreciation,

Rick Chee

Founder, Food Aid Foundation

Ketika Food Aid Foundation mula ditubuhkan, kami hanya berpegang pada satu keyakinan yang jelas: tiada makanan yang baik patut dibazirkan selagi masih ada orang dalam komuniti kita yang kelaparan.

Hari ni apabila saya mengenang kembali, saya berasa sangat rendah hati dan bangga melihat langkah kami sejauh ini. Tahun ini amat bermakna buat kami. Salah satu impian kami sekian lama akhirnya menjadi kenyataan, kami berjaya mengembangkan operasi ke Sarawak. Dengan termeterainya MoU bersama sebuah NGO tempatan, kami memulakan langkah pertama untuk menubuhkan Food Aid Sarawak, satu detik penting dalam usaha menyokong komuniti di Malaysia Timur. Tidak lama selepas itu, kami juga telah membuka Food Aid Terengganu, satu lagi langkah besar dalam membina rangkaian bantuan makanan yang lebih kukuh dan menyeluruh di seluruh negara.

Kini, kami sedang berbincang dengan beberapa pihak bagi mengenal pasti rakan yang sesuai untuk menubuhkan Food Aid Pahang. Setelah bertahun-tahun terlibat dalam bidang ini, saya sedar betapa pentingnya menyesuaikan bantuan makanan mengikut keperluan unik setiap kawasan. Saya yakin Pahang akan menjadi satu lagi rangkaian kukuh dalam sistem kebangsaan yang sedang kami bina.

FAF bukan sekadar mengedarkan makanan, tetapi membawa nilai-nilai yang kami pegang teguh. Dari gudang ke dapur, dari logistik ke program komuniti, kami membina budaya berasaskan rasa hormat, kepercayaan dan maruah insan. Kami percaya tiada siapa yang terlalu kecil untuk menyumbang, dan tiada siapa yang terlalu miskin untuk layak mendapat makanan yang berkhasiat.

Sebagai pengasas, peranan saya kini lebih bersifat reflektif. Dari sudut ini, saya dapat melihat bagaimana FAF telah matang, menjadi lebih strategik, berasaskan data, dan kolaboratif, sambil tetap mengekalkan hati dan semangat asalnya.

Terima kasih kepada para penyumbang, sukarelawan, rakan korporat, pemimpin komuniti dan seluruh keluarga FAF. Saya juga amat menghargai kepimpinan Ahli Lembaga Pengarah dan pasukan pengurusan kami yang sentiasa tabah dalam menghadapi cabaran.

Perjalanan ini masih jauh. Pembaziran makanan masih berlaku. Kelaparan masih wujud. Tetapi dengan semangat bersatu dan tujuan yang jelas, saya percaya kita mampu terus membawa perubahan yang bermakna.

Dengan penuh penghargaan,

Rick Chee

FOREWORD FROM GENERAL MANAGER

KATA-KATA ALUAN DARIPADA PENGURUS BESAR

In 2024, we were reminded, more than ever, why Food Aid Foundation exists. As more families reached out for help and food donations slowed down, we had to think differently, take action quickly, and work more closely with others to keep going. With tighter resources, we focused on ensuring every kilogram of rescued food reached those who needed it most.

At the same time, we put more energy into helping communities stand on their own. As we spent more time and effort supporting long-term change, we paused some of our regular outreach work. It was a conscious decision, because we believe real impact comes not just from giving food, but from helping people build better lives.

Our operations team worked hard to improve how we understand our beneficiaries and plan our delivery routes, so we could be more efficient and respond faster. Meanwhile, our F&B training program showed encouraging results. Many participants, especially from low-income backgrounds, started small food businesses from home. These aren't just businesses, they're signs of hope and self-confidence returning.

We also continued to raise awareness about food waste, hunger, and the importance of using resources wisely. We believe that real change begins with knowledge, and grows when people come together.

In 2024, we also started working more closely with universities. These partnerships supported research, community work, and student volunteering, while helping to build awareness among young people about food-related issues.

We also grew our connections with companies and community groups. Whether they helped with funding, food, or hands-on support, every contribution made a big difference.

2024 wasn't easy, but it was a year of strength, learning, and staying true to our mission. Thank you to our donors, volunteers, partners, and the amazing FAF team. Your support keeps us going, every day. Let's keep working together for a future where no food is wasted, and no one goes hungry.

With heartfelt thanks,

Afraz Said

General Manager, Food Aid Foundation

Tahun 2024 mengingatkan kami mengapa Food Aid Foundation diwujudkan. Ketika semakin ramai memerlukan bantuan dan jumlah sumbangan makanan semakin berkurang, kami terpaksa berfikir dengan lebih kreatif, bertindak pantas, dan bekerjasama lebih erat dengan pelbagai pihak untuk terus bertahan. Dengan sumber yang semakin terhad, kami berusaha memastikan setiap kilogram makanan yang diselamatkan sampai kepada mereka yang paling memerlukan.

Dalam masa yang sama, kami memberi lebih tumpuan kepada usaha memperkasa komuniti untuk berdikari. Bila lebih banyak masa dan tenaga diberikan kepada perubahan jangka panjang, beberapa usaha jangkaun kami perlu dikurangkan buat sementara waktu. Ini adalah keputusan yang disengajakan, kerana kami percaya impak sebenar datang bukan hanya daripada memberi bantuan, tetapi daripada membantu insan membina kehidupan yang lebih baik.

Pasukan operasi kami bekerja keras menambah baik cara kami memahami penerima bantuan dan merancang laluan penghantaran, supaya lebih cekap dan pantas. Program latihan keusahawanan makanan kami juga menunjukkan hasil yang membanggakan. Ramai peserta dari latar belakang kurang berkemampuan telah berjaya memulakan perniagaan makanan kecil-kecilan dari rumah. Ini bukan sekadar perniagaan, ia adalah tanda keyakinan dan semangat yang kembali pulih.

Kami juga terus meningkatkan kesedaran orang ramai tentang pembaziran makanan, isu kelaparan, dan kepentingan menggunakan sumber dengan bijak. Kami percaya perubahan bermula dengan ilmu, dan berkembang melalui kerjasama.

Pada tahun 2024, kami turut mula bekerjasama lebih rapat dengan pihak universiti. Usaha ini menyokong penyelidikan, kerja komuniti, dan aktiviti sukarelawan pelajar, sambil memupuk kesedaran di kalangan generasi muda tentang isu berkaitan makanan.

Hubungan kami dengan syarikat korporat dan kumpulan komuniti juga semakin berkembang. Sama ada melalui dana, makanan, atau bantuan tenaga kerja, setiap bentuk sokongan sangat bermakna bagi kami.

Tahun 2024 bukanlah tahun yang mudah, tetapi ia penuh dengan ketabahan, pembelajaran, dan semangat untuk terus teguh dengan misi kami. Terima kasih kepada para penyumbang, sukarelawan, rakan kerjasama, dan seluruh pasukan FAF yang sememangnya luar biasa. Sokongan anda menjadi suntikan tenaga kami setiap hari.

Mari kita terus melangkah ke hadapan, menuju masa depan di mana tiada makanan dibazirkan dan tiada siapa yang kelaparan.

Dengan setulus terima kasih,

Afraz Said

EXECUTIVE SUMMARY RINGKASAN EKSEKUTIF

History and Mission

Founded in June 2013, Food Aid Foundation (FAF) was created to tackle food waste and food insecurity among Malaysia's underprivileged communities. From the start, FAF was built as a committed organization with big ambitions. Today, we operate a warehouse, a central kitchen in Kuala Lumpur, three satellite kitchens nationwide, and partner with other organizations to extend our reach.

Our mission is to make our services accessible and responsive by rescuing surplus food, including close-to-expiry products, off-spec items, damaged packaging, and production overruns, and redistributing them to those facing hunger, especially vulnerable groups like children, the elderly, and people with disabilities. We also provide swift emergency food relief during natural disasters to minimize food insecurity in times of crisis.

FAF has expanded its impact by offering basic culinary and entrepreneurship training. These programs equip individuals with practical skills to build self-sufficiency and start their own businesses, promoting sustainable, long-term community development.

Our vision is a future where food is valued as a resource to nourish and uplift communities, ensuring everyone has access to safe, nutritious food. Driven by this vision, we have redistributed millions of meals, reduced food waste, and cut carbon emissions. We continue to grow, proud of our progress and committed to fighting hunger and food waste across Malaysia.

Sejarah dan Misi

Ditubuhkan pada Jun 2013, Food Aid Foundation (FAF) diasaskan untuk menangani isu pembaziran dan kekurangan makanan dalam kalangan komuniti kurang bernasib baik di Malaysia. Dari awal, FAF dibina sebagai organisasi yang komited dengan impian besar. Hari ini, kami mengendalikan gudang, dapur pusat di Kuala Lumpur, tiga dapur satelit di seluruh negara, dan bekerjasama dengan pelbagai organisasi untuk memperluas bantuan kami.

Misi kami ialah menyelamatkan lebih makanan, termasuk produk hampir luput, barang rosak, dan lebihan pengeluaran, untuk diagihkan kepada mereka yang memerlukan, khususnya golongan rentan seperti kanak-kanak, warga emas, dan OKU. Kami juga respon kepada bencana alam dengan menyalurkan bantuan makanan kecemasan kepada mangsa bagi mengurangkan kesan krisis.

FAF kini turut melaksanakan latihan asas kulinari dan keusahawanan untuk membina kemahiran praktikal, supaya individu ini mampu berdikari dan menjana pendapatan sendiri. Usaha ini membawa impak jangka panjang kepada komuniti.

Visi kami adalah masa depan di mana makanan tidak dibazirkan, tetapi dimanfaatkan untuk memperkasakan masyarakat. Dengan jutaan hidangan diagihkan dan pelepasan karbon dikurangkan, kami terus berusaha membanteras kelaparan dan pembaziran makanan. Dengan sokongan dan kerjasama, kami yakin perubahan nyata boleh dicapai untuk mereka yang benar-benar memerlukan.

FOOD BANKING BANK MAKANAN

Surplus Food Rescue Program

Rescuing surplus food is FAF's core mission to combat food waste and hunger in Malaysia, focusing on saving items that are near expiry, off-spec, or have damaged packaging; foods that would otherwise be discarded.

Through partnerships with manufacturers, retailers, and corporate food drives, we collect, sort, and redistribute safe, nutritious food to vulnerable communities via food banks and outreach programs. This reduces food waste's environmental impact while helping those in need.

Supported by generous donors, we aim to grow by strengthening partnerships, increasing donations, and improving logistics to reach more communities and rescue more food.

Program Penyelamatan Makanan Lebihan

Menyelamatkan makanan lebihan adalah misi utama FAF untuk memerangi pembaziran makanan dan kelaparan di Malaysia, dengan fokus menyelamatkan hampir luput, tidak mengikut spesifikasi, atau pembungkusan rosak; makanan yang mungkin akan dibuang.

Melalui kerjasama dengan pengeluar, peruncit, dan kempen derma makanan korporat, kami mengumpul, mengasingkan, dan mengagihkan makanan selamat dan berkhasiat kepada komuniti yang memerlukan melalui bank makanan dan program keprihatinan. Ini mengurangkan kesan pembaziran makanan terhadap alam sekitar dan membantu golongan yang memerlukan.

Disokong oleh penyumbang, kami berhasrat untuk berkembang dengan mengukuhkan kerjasama, meningkatkan sumbangan dan menambah baik logistik bagi menjangkau lebih banyak komuniti serta menyelamatkan lebih banyak makanan.

Green Market Project

The Green Market Project by FAF and Selayang Wholesale Market rescues surplus vegetables and fruits to support urban poor, especially B40 families in PPR flats and welfare homes.

Twice daily, the team collects, sorts, and redistributes fresh produce, improving nutrition for vulnerable communities. In 2024, the project rescued over 620,615 kg of produce, benefiting thousands of households and homes. This also reduced food waste and saved approximately 1,551.54 metric tons of carbon emissions.

FAF remains committed to providing fresh, nutritious food through strong collaboration and dedicated efforts.

Projek Pasar Hijau

Projek Pasar Hijau oleh FAF dengan kerjasama Pasar Borong Selayang menyelamatkan lebih sayur dan buah untuk membantu keluarga B40 di flat PPR dan rumah kebajikan.

Pasukan kami membuat pengambilan dua kali sehari, menyusun dan mengagihkan makanan segar kepada komuniti memerlukan. Pada 2024, projek ini berjaya menyelamatkan lebih daripada 620,615 kg sayur dan buah, membantu ribuan keluarga dan rumah kebajikan. Ia juga mengurangkan pembaziran makanan dan menjimatkan kira-kira 1,551.54 tan metrik pelepasan karbon.

FAF komited menyediakan makanan segar dan berkhasiat melalui kolaborasi yang kukuh dan usaha berdedikasi.

Welfare & Shelter Homes

Distributing donated food to welfare and shelter homes is a key part of our daily operations. We currently support over 140 homes that provide care for vulnerable groups, including children, the elderly, and individuals with disabilities. These homes depend heavily on our donations to provide consistent access to nutritious and sufficient food.

Our food banking program goes beyond just meeting hunger needs; it aims to improve overall well-being. We supply a variety of food, including dry goods, fresh produce, and cooked meals to ensure balanced nutrition and a sense of dignity.

In 2024, we expanded our reach by including 10 additional homes, allowing us to serve more communities and respond to the growing demand for food support.

These daily efforts are made possible through the generosity of our donors. Together, we play a vital role in fighting hunger and supporting care institutions in continuing their mission to serve those in need.

Rumah Kebajikan & Perlindungan

Pengedaran makanan derma ke rumah kebajikan dan perlindungan adalah sebahagian besar daripada operasi harian kami. Kami menyokong lebih 140 rumah yang menjaga golongan rentan seperti kanak-kanak, warga emas dan individu kurang upaya. Rumah-rumah ini bergantung kepada sumbangan kami untuk menyediakan makanan berkhasiat dan mencukupi setiap hari.

Program bank makanan kami bukan sekadar mengisi perut; ia bertujuan meningkatkan kesejahteraan dengan menyediakan pelbagai jenis makanan seperti barangan kering, hasil segar dan makanan siap dimasak agar keperluan pemakanan dipenuhi dengan baik.

Pada tahun 2024, kami memperluaskan bantuan kepada 10 rumah lagi bagi menampung permintaan yang semakin meningkat dan menjangkau lebih ramai komuniti memerlukan.

Segala usaha ini tidak mungkin terlaksana tanpa sokongan para penyumbang. Bersama, kita memainkan peranan penting dalam memerangi kelaparan dan membantu rumah kebajikan terus melaksanakan misi menjaga golongan memerlukan.

Supporting the Homeless Transit Centre

Homeless individuals are among the most vulnerable in society. FAF now provides structured support by delivering nutritious, freshly prepared meals weekly to the Homeless Transit Centre run by DBKL, which houses over 100 individuals.

This initiative offers not just food, but stability and dignity in a safe environment. By partnering with Pusat Transit Gelandangan, we ensure consistent nourishment for those in need.

The program is made possible by generous donors and volunteers, allowing FAF to combat hunger, reduce food waste, and support homeless individuals as they work toward rebuilding their lives.

Menyokong Pusat Transit Gelandangan

Gelandangan merupakan antara golongan paling rentan. FAF kini memberi sokongan secara berkala dengan menghantar hidangan berkhasiat setiap minggu ke Pusat Transit Gelandangan DBKL, yang menempatkan lebih 100 individu.

Inisiatif ini bukan sekadar memberi makanan, tetapi juga menyediakan kestabilan dan maruah dalam persekitaran yang selamat. Melalui kerjasama dengan Pusat Transit Gelandangan, kami memastikan mereka menerima pemakanan konsisten dan menyeluruh.

Usaha ini dapat dilaksanakan dengan sokongan para penyumbang dan sukarelawan, membolehkan FAF mengurangkan pembaziran makanan dan membantu golongan gelandangan dalam usaha membina semula kehidupan.

Community Soup Kitchen

Every food donation and rescued item is redirected to those in need through a network of community soup kitchens such as Sunday Community Food Run, Assembly Soup Kitchen, En Xin, Samaritan, Sentul Volunteers Association, and Love & Care.

While FAF has its own kitchen, partnering with existing soup kitchens helps us reach more people through their existing systems and volunteers.

This collaboration creates a stronger support ecosystem for the urban poor and marginalised. It reduces hunger and food waste while promoting efficiency, sustainability, and shared responsibility in caring for the community.

Dapur Komuniti

Setiap sumbangan dan makanan lebihan yang diselamatkan disalurkan kepada mereka yang memerlukan melalui rangkaian dapur komuniti seperti Sunday Community Food Run, Assembly Soup Kitchen, En Xin, Samaritan, Persatuan Sukarelawan Sentul dan Love & Care.

Walaupun FAF mempunyai dapur sendiri, kerjasama ini membolehkan kami membantu lebih ramai melalui sistem sedia ada mereka yang teratur.

Gabungan ini memperkuat ekosistem sokongan untuk golongan miskin bandar dan terpinggir. Ia bukan sahaja mengurangkan kelaparan dan pembaziran, tetapi turut memupuk kecekapan, kelestarian dan semangat kerjasama dalam menyantuni komuniti.

Urban Poor

Urban poverty is often overlooked, but its impact is real in low-cost flats and underserved neighbourhoods. Through food banking, we ensure surplus food and essentials reach families in need, especially in PPR and PPRT areas across Klang Valley.

We also provide items like baby and adult diapers and milk powder, made possible through corporate sponsorships.

By working with residents' groups and grassroots partners, we target areas that need support most. In some places like PPR Mentari, we go further setting up community kitchens with local partners like MyPJ to build deeper, long-term engagement and resilience.

Miskin Bandar

Kemiskinan bandar sering dipandang ringan, namun kesannya amat dirasakan di flat kos rendah dan kawasan terpinggir. Melalui perbankan makanan, kami pastikan lebihan makanan dan keperluan asas sampai kepada keluarga di kawasan PPR dan PPRT sekitar Lembah Klang.

Kami juga salurkan barangan seperti lampin bayi, lampin dewasa dan susu tepung hasil tajaan rakan korporat.

Dengan kerjasama persatuan penduduk dan komuniti akar umbi, kami mengenal pasti kawasan yang paling memerlukan. Di PPR Mentari, kami tubuhkan dapur komuniti bersama MyPJ sebagai model sokongan berterusan dan penglibatan masyarakat yang lebih mendalam.

Healthy Snacks For School Children

Many children from low-income families go to school without breakfast, affecting their energy, focus, and well-being. Through our food banking efforts, we provide nutritious snacks to help them stay alert and healthy throughout the day.

We work with other NGO and schools in underserved areas to distribute fruits, biscuits, and other energy-boosting foods. This simple support helps improve classroom concentration and creates a more positive learning experience.

Beyond just feeding, this initiative promotes awareness of child nutrition, laying the foundation for healthier growth and a better future for children who might otherwise be left behind.

Snek Sihat Untuk Pelajar Sekolah

Ramai kanak-kanak daripada keluarga berpendapatan rendah ke sekolah tanpa sarapan, menjejaskan tenaga, fokus dan kesihatan mereka. Melalui usaha perbankan makanan, kami menyediakan snek berkhasiat untuk membantu mereka kekal bertenaga dan sihat sepanjang hari.

Kami bekerjasama dengan lain-lain NGO dan sekolah-sekolah di kawasan kurang bernasib baik untuk mengedarkan buah-buahan, biskut dan makanan berkhasiat lain. Bantuan ini meningkatkan tumpuan di dalam kelas dan memberi pengalaman pembelajaran yang lebih baik.

Selain mengisi perut, inisiatif ini turut memupuk kesedaran tentang pemakanan sihat dan membina asas masa depan yang lebih sihat dan cerah untuk kanak-anak ini.

Food Banking – Cooking for a Cause

Cooking for a Cause is not only an initiative to provide nutritious meals to those in need but also an opportunity for corporate volunteerism. By partnering with corporate sponsors and their employees, we create a hands-on experience where volunteers come together to prepare delicious and meaningful meals.

Through this initiative, corporate volunteers have the chance to make a tangible difference in their community while contributing to a more sustainable food system. The meals we prepare are then distributed to the underprivileged, including the elderly, families in need, and individuals living in low-cost housing.

By engaging corporate partners, Cooking for a Cause goes beyond just food preparation; it fosters teamwork, corporate social responsibility, and community solidarity. This initiative not only helps fight hunger and food waste but also strengthens the spirit of giving within the corporate world, showing that businesses can play an active role in creating positive social change.

We are grateful for the support of our corporate partners, such as PPB Group Berhad, Bank Pembangunan Malaysia Berhad, Mondelez Malaysia, and others whose contributions make this initiative possible.

Perbankan Makanan – ‘Cooking for a Cause’

Cooking for a Cause bukan sekadar inisiatif menyediakan makanan berkhasiat kepada golongan memerlukan, tetapi juga peluang menyemai semangat kesukarelawanan korporat. Dengan kerjasama penaja korporat dan kakitangan mereka, kami mewujudkan pengalaman praktikal di mana sukarelawan berganding bahu menyediakan hidangan yang bermakna.

Melalui inisiatif ini, sukarelawan korporat dapat menyumbang secara langsung kepada masyarakat sambil menyokong sistem makanan yang lebih lestari. Makanan yang disediakan akan diagihkan kepada golongan seperti warga emas, keluarga susah dan individu yang tinggal di perumahan kos rendah.

Dengan penglibatan rakan korporat, Cooking for a Cause bukan sahaja aktiviti memasak; ia memupuk kerja berpasukan, tanggungjawab sosial, dan solidariti komuniti. Inisiatif ini membantu menangani kelaparan dan pembaziran makanan, serta menguatkan semangat memberi dalam kalangan syarikat, membuktikan bahawa sektor korporat mampu membawa perubahan positif kepada masyarakat.

Kami amat menghargai sokongan rakan korporat seperti PPB Group Berhad, Bank Pembangunan Malaysia Berhad, Mondelez Malaysia dan beberapa syarikat lain yang menjayakan inisiatif ini.

Food Donation Drive

FAF runs food donation drives in collaboration with universities, schools, and corporate partners. Collection points are set up at FAF and participating organizations.

Volunteers and corporate teams actively participate, collecting dry and staple food items. These donations complement surplus food from manufacturers by providing items they usually don't supply.

The drives expand the variety of food available, ensuring balanced, nutritious distribution to those in need. They also raise community awareness about food security and food waste issues.

Kempen Sumbangan Makanan

FAF menganjurkan kempen sumbangan makanan dengan kerjasama universiti, sekolah, dan rakan korporat. Titik pengumpulan disediakan di FAF dan lokasi organisasi terlibat.

Sukarelawan dan pasukan korporat aktif menyertai kempen ini, mengumpul makanan kering dan bahan makanan asas. Sumbangan ini melengkapkan derma makanan lebih dari pengeluaran dengan barangan yang biasanya tidak disumbangkan.

Kempen ini memperluas jenis makanan, memastikan agihan berkesan kepada yang memerlukan. Ia juga meningkatkan kesedaran komuniti tentang keselamatan makanan dan pembaziran makanan.

EMERGENCY FOOD RELIEF

BANTUAN KECEMASAN BANJIR

Kelantan

When the floods hit Kelantan, FAF was ready to act. Although access to Kelantan was blocked in the early stages due to flooded roads and several areas being cut off, our team remained proactive; planning routes, organizing logistics, and connecting with local partners. As soon as the roads were opened, we quickly mobilized to deliver food packs to affected families in Kota Bharu, Pasir Mas, and Tumpat. At the same time, our kitchen in Kelantan operated daily to provide freshly cooked hot meals for flood victims.

With the support of generous donors and dedicated volunteers, we successfully helped 5,430 people, not only providing food but also offering care and hope.

Damaged roads, unpredictable weather, and logistical challenges were certainly testing. However, the spirit of cooperation with the local community enabled us to deliver aid swiftly and effectively.

We deeply appreciate every contribution, effort, and prayer extended. This aid has brought peace and strength to those impacted.

Our relief operations in Kelantan continue to this day, with support based on the ongoing needs in the field and the resources available.

Apabila banjir melanda Kelantan, FAF sudah bersedia untuk bertindak. Walaupun akses ke Kelantan tersekat pada peringkat awal disebabkan jalan yang dinaiki air dan beberapa kawasan terputus hubungan, pasukan kami tetap proaktif; merancang laluan, mengatur logistik, dan berhubung dengan rakan tempatan. Sebaik sahaja jalan dibuka, kami segera bergerak untuk menghantar pek makanan kepada keluarga yang terjejas di Kota Bharu, Pasir Mas, and Tumpat. Pada masa yang sama, dapur kami di Kelantan beroperasi setiap hari untuk menyediakan makanan panas yang segar bagi mangsa banjir.

Dengan sokongan dermawan dan sukarelawan yang berdedikasi, kami berjaya membantu 5,430 orang, bukan sahaja dengan menyediakan makanan tetapi juga menawarkan perhatian dan harapan.

Jalan rosak, cuaca yang tidak menentu, dan cabaran logistik sememangnya mencabar. Namun, semangat kerjasama dengan komuniti tempatan membolehkan kami menyampaikan bantuan dengan pantas dan berkesan.

Kami amat menghargai setiap sumbangan, usaha, dan doa yang diberikan. Bantuan ini telah membawa ketenangan dan kekuatan kepada mereka yang terjejas. Operasi bantuan kami di Kelantan masih diteruskan hingga kini, dengan sokongan berdasarkan keperluan yang berterusan di lapangan dan sumber yang ada.

Sabah

With the generous financial support from Lam Research, FAF supported the Food Aid Sabah (FAS) team in providing crucial emergency food relief to communities in Sabah affected by disasters. This contribution enabled FAS to assist families in need during times of crisis, ensuring they received immediate aid to help them recover.

One of the most significant initiatives was in response to the tragic fire in Tawau on 27th October 2024, which destroyed 38 homes in Kampung Jati, Batu 5, Jalan Apas. This fire displaced hundreds of individuals, leaving them without homes and basic belongings. Tragically, a 5-year-old boy lost his life in the blaze. In the wake of this disaster, FAF supported FAS in delivering emergency relief, offering food, clothing, and other essential items to the affected families, helping them through a devastating time.

This support, made possible by Lam Research, underscores FAF's ongoing commitment to providing timely assistance to disaster-stricken communities, ensuring that those in need have the resources to rebuild and recover with dignity.

Dengan sumbangan dermawan daripada Lam Research, FAF telah menyokong pasukan Food Aid Sabah (FAS) dalam menyediakan bantuan makanan kecemasan yang amat diperlukan kepada komuniti di Sabah yang terjejas akibat bencana. Sumbangan ini membolehkan FAS membantu keluarga yang memerlukan pada masa krisis, memastikan mereka menerima bantuan segera untuk membantu pemulihan.

Salah satu inisiatif paling penting adalah respon kepada kebakaran tragis di Tawau pada 27 Oktober 2024, yang memusnahkan 38 rumah di Kampung Jati, Batu 5, Jalan Apas. Kebakaran ini menyebabkan ratusan individu hilang tempat tinggal dan barang keperluan asas. Malangnya, seorang kanak-kanak lelaki berumur 5 tahun telah meninggal dunia dalam kebakaran tersebut. Susulan bencana ini, FAF menyokong FAS dalam menyampaikan bantuan kecemasan, menyediakan makanan, pakaian, dan barangan penting lain kepada keluarga yang terjejas, membantu mereka menghadapi masa yang sukar.

Sokongan ini, yang dimungkinkan oleh Lam Research, menegaskan komitmen berterusan FAF untuk memberikan bantuan tepat pada masanya kepada komuniti yang dilanda bencana, memastikan mereka yang memerlukan mempunyai sumber untuk membina semula dan pulih dengan bermaruah.

BEYOND FOOD BANKING MENJANGKAUI BANK MAKANAN

Skills Training Program

FAF recognizes that addressing food insecurity requires a holistic approach beyond immediate food relief. Our Skills Training Program is a cornerstone initiative aimed at empowering underprivileged individuals with practical culinary and entrepreneurial skills to foster long-term self-reliance and economic independence.

The program provides comprehensive hands-on training in basic cooking techniques, food hygiene, and small business management. Delivered through structured sessions in our commercial kitchen and classrooms, the curriculum is designed to be accessible to participants regardless of prior experience, ensuring inclusivity for marginalized groups.

By equipping participants with marketable skills, FAF supports their transition from dependency to sustainable livelihoods. This initiative directly benefits low-income individuals, including single parents, women, and youth, enabling them to establish micro-enterprises or seek gainful employment within the food and beverage industry.

Throughout the reporting period, the Skills Training Program has successfully enhanced the capabilities of numerous beneficiaries, many of whom have launched their own food businesses or improved their employability. This program not only addresses poverty alleviation but also aligns with FAF's broader mission of community empowerment and social impact.

Program Latihan Kemahiran

FAF memahami bahawa menangani kekurangan makanan memerlukan pendekatan menyeluruh selain bantuan segera. Program Latihan Kemahiran kami bertujuan memperkasakan individu kurang bernasib baik dengan kemahiran memasak dan keusahawanan praktikal demi meningkatkan kebergantungan sendiri dan kemerdekaan ekonomi jangka panjang.

Program ini menyediakan latihan praktikal dalam teknik memasak asas, kebersihan makanan, dan pengurusan perniagaan kecil. Disampaikan melalui sesi di dapur komersial dan bilik darjah kami, kurikulum mesra peserta tanpa mengira pengalaman terdahulu, memastikan keterangkuman golongan terpinggir.

Dengan melengkapkan peserta dengan kemahiran yang boleh dipasarkan, FAF membantu transformasi mereka daripada bergantung bantuan kepada memiliki sumber pendapatan mampan. Inisiatif ini memberi manfaat kepada individu berpendapatan rendah, termasuk ibu tunggal, wanita, dan belia, membolehkan mereka memulakan perniagaan mikro atau mencari pekerjaan dalam industri makanan dan minuman.

Sepanjang tempoh laporan ini, Program Latihan Kemahiran berjaya meningkatkan kebolehan ramai penerima manfaat, sebahagian daripada mereka telah menubuhkan perniagaan makanan sendiri atau meningkatkan kebolehpasaran mereka. Program ini bukan sahaja mengurangkan kemiskinan tetapi juga sejajar dengan misi FAF memperkasakan komuniti dan memberi impak sosial.

Food Test Laboratory

FAF has established a dedicated food laboratory to conduct thorough testing on rescued surplus food, ensuring strict hygiene and safety standards before distribution.

The lab focuses on detecting harmful bacteria such as Salmonella and E. coli, especially in high-risk items like poultry, beef, and dairy products. This ensures only safe food reaches beneficiaries and communities.

Developed with expert support from Taylor's University and My TEST Lab Sdn Bhd, the lab combines advanced technology and expertise to uphold food safety, build trust, and protect public health.

Makmal Ujian Makanan

FAF telah menubuhkan makmal makanan khusus untuk menjalankan ujian menyeluruh ke atas lebihan makanan yang diselamatkan, memastikan piawaian kebersihan dan keselamatan dipatuhi sebelum pengedaran.

Makmal ini memberi tumpuan dalam pengesanan bakteria berbahaya seperti Salmonella dan E. coli, terutamanya pada produk berisiko tinggi seperti ayam, daging lembu, dan produk tenusu. Ini memastikan makanan yang selamat sampai kepada penerima dan komuniti.

Penubuhan makmal ini hasil kerjasama dengan Universiti Taylor's dan My TEST Lab Sdn Bhd, menggabungkan teknologi canggih dan kepakaran demi keselamatan makanan, membina kepercayaan dan melindungi kesihatan awam.

Upcycling Food Waste with Black Soldier Fly (BSF)

Aligned with the Sustainable Development Goal (SDG) on responsible consumption and production, inedible surplus food and kitchen waste are sent to an innovative farm cultivates Black Soldier Fly (BSF) larvae, which feed on organic food waste. The protein-rich larvae are processed into high-quality animal feed. The larvae produce frass, a valuable by-product converted into organic fertilizer, supporting sustainable agriculture. This circular system reduces food waste and promotes eco-friendly, regenerative farming.

This initiative supports FAF's mission to minimize food waste and promote sustainable solutions, transforming surplus food into valuable resources benefiting communities and the environment.

Menambah nilai sisa makanan menggunakan BSF

Selaras dengan Matlamat Pembangunan Mampan (SDG) mengenai penggunaan dan pengeluaran yang bertanggungjawab, lebihan makanan yang tidak boleh dimakan dan sisa dapur dihantar ke sebuah ladang inovatif yang membiak larva Lalat Askar Hitam (BSF), yang memakan sisa makanan organik. Larva yang kaya dengan protein ini diproses menjadi makanan ternakan berkualiti tinggi. Larva juga menghasilkan fras, produk sampingan bernilai yang diubah menjadi baja organik, menyokong pertanian lestari. Sistem kitaran ini mengurangkan pembaziran makanan dan menggalakkan amalan pertanian yang mesra alam dan boleh dipulihkan.

Inisiatif ini menyokong misi FAF untuk meminimumkan pembaziran makanan dan mempromosikan penyelesaian lestari, dengan mengubah lebihan makanan menjadi sumber bernilai yang memberi manfaat kepada komuniti dan alam sekitar.

Taylor's University Impact Labs and FAF collaborate on the Nourish U project to innovate food products from surplus food and by-products.

The focus is on enhancing nutrition, promoting sustainable practices, and ensuring food safety. Students gain hands-on food science experience while contributing to food security and environmental sustainability. The products help provide affordable, nutritious food to underprivileged communities, improving their well-being.

This partnership also raises awareness about reducing food waste and maximizing food resources.

Penyelidikan Makanan

Taylor's University Impact Labs dan FAF bekerjasama dalam projek Nourish U untuk mencipta produk makanan baharu daripada lebihan makanan dan produk sampingan.

Fokus projek ialah meningkatkan nutrisi, menggalakkan amalan lestari, dan memastikan keselamatan makanan. Pelajar memperoleh pengalaman praktikal dalam sains makanan sambil menyumbang kepada keselamatan makanan dan kelestarian alam. Produk inovatif membantu menyediakan makanan berkhasiat dan mampu milik kepada komuniti kurang bernasib baik, meningkatkan kesejahteraan mereka.

Kerjasama ini juga meningkatkan kesedaran tentang pengurangan pembaziran makanan dan pemaksimuman sumber makanan.

Advocating Against Food Waste

FAF is deeply committed to advocating against food waste by rescuing surplus food and redistributing it to those in need. We extend our advocacy through partnerships, delivering talks at universities, and participating in F&B-related events to share best practices in food rescue. Through public awareness campaigns, education programs, and active community engagement, FAF promotes responsible consumption, sustainable practices, and environmental stewardship. We work closely with partners across the food supply chain to reduce waste at every stage from production to consumption aiming to improve food security and create a positive social impact for a healthier, more sustainable future.

Advokasi Menentang Pembaziran Makanan

FAF komited sepenuhnya melawan pembaziran makanan dengan menyelamatkan lebihan makanan dan mengagihkannya kepada mereka yang memerlukan. Kami turut menyebarkan kesedaran melalui kerjasama dengan rakan kongsi, memberi ceramah di universiti, dan terlibat dalam aktiviti berkaitan F&B untuk berkongsi amalan terbaik dalam penyelamatan makanan. Melalui kempen kesedaran awam, program pendidikan, dan penglibatan aktif komuniti, FAF menggalakkan penggunaan bertanggungjawab, amalan lestari, dan penjagaan alam sekitar. Kami bekerjasama rapat dengan rakan kongsi dalam rantai bekalan makanan untuk mengurangkan pembaziran di setiap peringkat dari pengeluaran hingga penggunaan dengan matlamat meningkatkan keselamatan makanan dan memberi impak sosial positif demi masa depan yang lebih sihat dan mampan.

As part of UOB's charity initiative, RM320,000 was donated to Food Aid Foundation to run programs in six Malaysian states. The funds supported six months of grocery aid to 30 orphanages, easing food insecurity and improving children's nutrition.

We also held digital literacy workshops in six homes, training over 230 youths in typing, internet safety, and basic coding to prepare them for future opportunities.

This blend of food aid and digital education provided both immediate support and lasting impact. All objectives were achieved in full compliance with UOB's requirements, reflecting a strong and effective partnership.

Sebagai sebahagian daripada inisiatif amal UOB, RM320,000 telah disumbangkan kepada Food Aid Foundation untuk melaksanakan program di enam negeri. Dana ini membolehkan kami membekalkan bantuan makanan selama enam bulan kepada 30 rumah anak yatim, mengurangkan kekurangan makanan dan meningkatkan pemakanan kanak-kanak.

Kami turut mengadakan bengkel literasi digital di enam rumah, melibatkan lebih 230 remaja dengan kemahiran menaip, keselamatan internet dan pengaturcaraan asas untuk persediaan masa depan.

Gabungan bantuan makanan dan pendidikan digital ini memberi sokongan segera dan impak berpanjangan. Semua objektif dicapai mengikut syarat geran UOB, mencerminkan kerjasama yang kukuh.

Penyertaan dalam acara seperti ini amat penting bagi FAF kerana ia memberi peluang untuk menyebarkan kesedaran, membina rangkaian strategik dan menarik lebih ramai individu serta organisasi untuk bersama-sama menjayakan misi kami. Dengan sokongan para sukarelawan, penganjur dan orang ramai, kami berjaya mengukuhkan kehadiran di Malaysia Timur dan memajukan matlamat jangka panjang kami.

COLLABORATION WITH MONDELEZ MALAYSIA AND CADBURY

In conjunction with Mondelez Purpose Day 2024, Food Aid Foundation partnered with Mondelez Malaysia under its Cadbury brand for the "For You, I Would..." CSR campaign. Together, we prepared 500 hot meals and packed 200 food bags for underserved families at PPR Hicom, in a shared effort to combat food insecurity.

Mondelez Malaysia is also a long-time supporter of FAF through ongoing food contributions to the underprivileged. We are grateful for their generosity and commitment to giving back.

Sempena Mondelez Purpose Day 2024, Food Aid Foundation bekerjasama dengan Mondelez Malaysia di bawah jenama Cadbury menerusi kempen CSR "For You, I Would...". Seramai 500 orang menerima makanan panas dan 200 keluarga menerima beg makanan di PPR Hicom, sebagai usaha bersama menangani isu kekurangan makanan.

Mondelez Malaysia juga merupakan penyokong tetap FAF melalui sumbangan makanan berterusan kepada golongan kurang berkemampuan. Kami amat menghargai keprihatinan dan komitmen mereka.

CHARITY JAM SESSION 2024

On 11 August 2024, Food Aid Foundation co-organised the 23rd Charity Jam Session, Malaysia's longest-running charity music event, at Amari Hotel Kuala Lumpur. Proceeds from the event were channelled to UMMC's Paediatric ICU and FAF's food aid initiatives, including food rescue, distribution, and community empowerment programs. The funds received enabled FAF to recover more surplus food, expand our outreach to families in need, and support training programs that equip underserved communities with basic culinary and entrepreneurship skills.

We are grateful to Rotary Club KL, Golden Keys Malaysia, the Professional Culinaire Association, and all other partners and sponsors for their generous support and collaboration in making this event a success.

Hasil kutipan disalurkan kepada ICU Pediatrik UMMC dan inisiatif bantuan makanan FAF, termasuk penyelamatan makanan, pengagihan serta program pemerkasaan komuniti. Dana yang diterima membolehkan FAF menyelamatkan lebih banyak berlebihan makanan, memperluaskan bantuan kepada keluarga yang memerlukan, dan menyokong program latihan asas masakan dan keusahawanan untuk komuniti kurang berkemampuan.

Kami amat menghargai sokongan daripada Rotary Club KL, Golden Keys Malaysia, Professional Culinaire Association serta semua rakan dan penaja yang telah bersama menjayakan acara ini.
